

AEROJET LTD

At Aerojet Ltd, we specialize in delivering reliable and high-quality aircraft parts and aviation solutions to the global aerospace industry. With years of expertise and a commitment to precision, our company has become a trusted partner for airlines, MROs (Maintenance, Repair & Overhaul), and aviation professionals worldwide.

About Us

About Aerojet Ltd

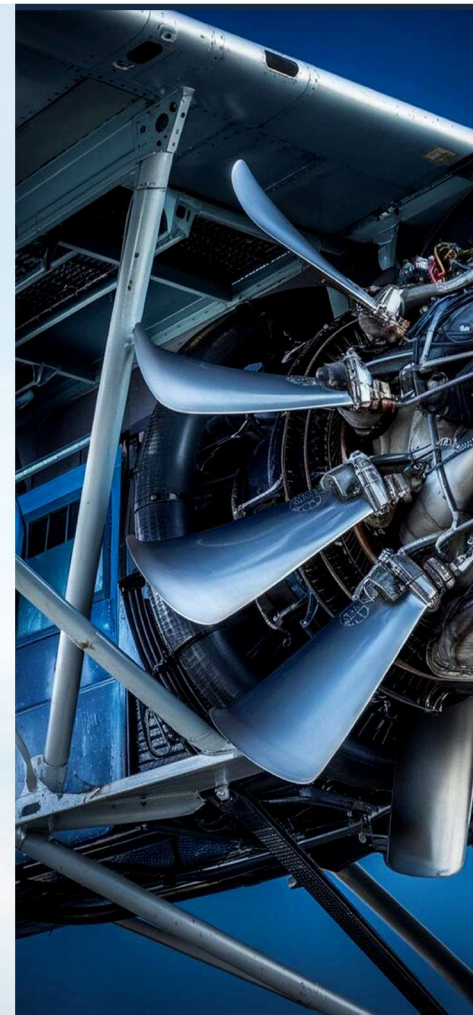

At Aerojet Ltd, we specialize in sourcing and supplying high-quality commercial aircraft parts to clients worldwide. With over 5 years of proven industry experience, we offer reliable solutions for your MRO, OEM, and fleet requirements — ensuring safety, compliance, and operational.

Aerojet provides comprehensive aircraft parts supply solutions for operators of Boeing 777, 737, and Dash 8 Q400 fleets. These aircraft are widely used for both regional and international operations, and we ensure their smooth performance through timely and certified component delivery.

- ◆ Global Sourcing Network
- ◆ Comprehensive Product Range
- ◆ Customer-Focused Approach

Delivering Trusted Aircraft Parts Solutions Since 2019

With 5+ years of expertise, Aerojet Ltd supplies certified aircraft parts worldwide—supporting airlines, MROs, and OEMs with fast, reliable solutions for both routine maintenance and urgent AOG needs.
